HOW IT WORKS

Our cornerstone is The Metabolic Code

PRECISION HEALTH ASSESSMENT

Traditional health care requires you to search out multiple experts from varying disciplines to treat disease, which can be frustrating, overwhelming, and frankly, sometimes too late. MIORA is a proactive, holistic approach.

LONGEVITY

PERFORMANCE

You'll start by meeting with our concierge team and taking a diagnostic blood draw.

THIS INFORMS THE METABOLIC CODE

Our proprietary tool created by renowned expert James LaValle. Simple to understand but robust in its ability to see how well your metabolism is working, uncover what's not, and answer the question "How far are you from your optimum health?" We'll determine not only how your body is performing now but equally as important, give insight to the future state of your health.
